

Dear Bryan, (Bryan Lourd, CAA Managing Partner)

It is not with frivolity, nor is it lightly that I accuse you of murder and other heinous crimes. It is not my fault that dead people want to talk to me. I have been what the world calls psychic all of my life. My first memories of Spirit began at 2.5 years old. I am more adept at talking to people who have crossed over than those who are still in body and accusing you of murder was not my idea sir, it was God's.

It was also not my idea to converse with Robin Williams after he died. His soul essence came to me. He changed my life, and he moved my spirit. He helped make me who I am today and I will gladly give my life, if necessary to speak his Truth.

You, Bryan Lourd, are responsible for his murder. I don't just believe this, I Know that it's true. And if what I am saying is not true Bryan, then why haven't you sued me for slander? I have been publicly accusing you of murder for over a year... and you know it. We hung an 8x10ft wanted poster over Sunset Blvd & I405, and we aren't done yet, but you still don't sue me (us)???

Only a guilty person would not sue...but, I already know that you are guilty.

I have been speaking prophetically with spirit/God my entire life. I began using this gift professionally in 2010, when I made public, specific details about the murder of NBA Star, Lorenzen Wright. Every detail I presented to law enforcement in 2011 has been proven 100% accurate through the arrests made in 2017, the court reports, validated news media and police investigation files.

For proof, please refer to www.Justice4LorenzenWright.com

I am this accurate in every case that I work, and with every client that I have worked with. I have a proven 13 year track record of being over 95% right... all the time. And in many cases, for instance Lorenzen Wright and Prince Rogers Nelson, my accuracy is 100%. This is what math and science call Zero Probability and it proves murder. You see Bryan, I have no choice but to speak the Truth and fight for Justice. When you know in your Heart that something is true, you have to fight. My Love for God won't let me do anything else.

For people like you Bryan, money and power are your motivators. For people like me, God, Love & Truth are the only motivation. And we won't stop until it's realized. You are responsible for the murder of Robin Williams and others. I can tell that you don't really feel responsible... it's not your fault you have got the power. You didn't make the rules, did you BryBry? It was someone else's game, you just learned how to play by their rules. You are content being a leader in the world's most powerful gang.

With over 13 years experience as a Prophetic (psychic) Therapist, working primarily with traumatic cases - overdose, suicide, murder - I could tell almost immediately that Robin was no suicide. When I questioned him his explanation was clear.

Robin was forced into taking his own life to save his daughter, Zelda. He told me that he was tired of giving money to evil people. And he told me that he died because he left CAA. That a very bad man threatened him. You Bryan Lourd were identified to me by God as that very bad man. He told me that he paid for his daughters safety, and his family's - and that part of the price paid was his life.

Robin explained to me that he first tried to slit his wrists. That he was going to get in his bathtub - he didn't want to make a mess. He also explained that he was in the middle of rewriting *Mrs. Doubtfire 2*, one of the most important projects of his career. He would never have willingly taken himself out in the middle of that work. Robin was no quitter. And he did not kill himself willingly.

So, Bryan, if you do not feel what I (we) are saying is True - I (we) challenge you to a polygraph test. I will happily take one too... both should be made public.

If you do not agree to a polygraph test, then please sue each one of us - starting with me. We welcome the process of discovery and challenge you to prove I (we) are not psychic. You can't... and I can prove the prophetic evidence.

Each and every one of us has the ability to hear God/Love/Truth.

The world is waking, Bryan... if I (we) are wrong, then I suggest you Prove it.

Very Sincerely,
Abigail Noel, Ridiculously Accurate Psychic Channel & Prophetic Healer
